The diagram illustrates the correct installation of a shower door. It features a central perspective view of a shower enclosure with a sliding door. Surrounding this are several circular and rectangular callouts:

- Top Left:** A circular inset showing a side view of the door frame with a double-headed arrow indicating a 17mm gap.
- Top Right:** A circular inset with a large 'X' over it, showing an incorrect installation where the door is not properly aligned.
- Middle Right:** A circular inset showing a close-up of the door's bottom edge being adjusted into a track.
- Bottom Right:** A circular inset with a checkmark, showing the correct final alignment of the door.
- Bottom Center:** A small image of a screwdriver and the text "1x - 4x 2mm - 8mm", indicating the required tools and screw specifications.
- Bottom Left:** Two rectangular insets. The left one shows an incorrect installation with a large 'X'. The right one shows the correct installation with a checkmark and arrows indicating the door's movement.

TACK FÖR ATT DU VALDE EN PRODUKT FRÅN MACRO DESIGN

Macro Design är ett svenskt företag som tillverkar duschar, badrumsmöbler och badrumstillbehör. När du väljer en produkt från Macro Design så vet du att du har gjort ett tryggt köp, har generösa garantier och din produkt kommer att hålla i många år framöver. För att hålla dina produkter i toppskick är det även viktigt att du vårdar och rengör dem regelbundet enligt anvisningarna.

Skötselråd för duschar

Glas

Effektivaste och även det miljövänligaste sättet att hålla glaset rena och fina är att efter varje dusch dra med en gummiskrapa. Rengör glaset minst varannan vecka med diskmedel eller milt ättikbaserat rengöringsmedel. Använd svamp eller borste som inte repar glaset eller profilerna.

Mönstrade glas

Screenmönster skall alltid vara på utsidan av glaset. Rengör utsidan med ljummet vatten och ett milt diskmedel. Använd ej produkter som bildar en skyddshinna på glaset då dessa medel kan upplevas som flammiga eller som ett rinnmönster i screentrycket. Macro duschar får inte rengöras med medel som innehåller aromatiska kolväten, syror, ammoniak, natriumlut eller klorin.
